

Diagram illustrating a 2D array layout (likely a sparse matrix) with 6 columns and 10 rows. The columns are labeled: Column 0, Column 1, Column 2, Column 2, Column 4, and Column 5. The first row is labeled TID. The first row contains the values 0, 1, 2, 3, 4, and 5, which are highlighted in orange. Braces above the array group the columns into pairs: (Column 0, Column 1), (Column 2, Column 2), (Column 4, Column 5), and (Column 2, Column 5).
